EXPERIENCE

Visionary | UX/UI Designer, Product Manager

SFU Surge StormHacks | October 2026

- Led a cross-functional team of four through a 24-hour hackathon, driving concept, design strategy, and coordination from ideation to prototype.
- Conceived Visionary, an AI-powered vision board that uses the Gemini API to save key details from product pages, listings, and open tabs in one place.
- Led a mid-build pivot of the app's visual identity, creating a colour and icon-coded design system that makes boards easy to scan.
- Defined a shared data model and widget primitives powering the frontend, Gemini prompts, and Neon database, letting the team build in parallel with minimal conflicts.

IATSU | Director of Events

SFU SIAT | April 2026 - Present

- Plan and run events for SIAT students, owning concept, timeline, budget, and logistics from proposal to execution.
- Delivered three events this school year, including a 150-attendee game jam, managing on-campus logistics and keeping the schedule on track.
- Coordinate with the team on promotion timing for posts, videos, and volunteer calls, and partner with other clubs to host larger joint events.
- Represent students in regular meetings with program advisors and the faculty-run teaching committee, advocating for how the program is run.

FuoriSalone | Experimental Website Concept

Foundations of Interactive Design | December 2025

- Collaborated in a team of five to design a website prototype for FuoriSalone, Milan’s design week festival.
- Balanced clear navigation with an experimental visual direction that captured the festival’s expressive, design-forward character.
- Delivered a full design pitch walking through the team’s process and decisions, grounding each choice in design theory and principles.

YourStyleDoula | Creative Lead

RiipenLabs | April-May 2026

- Led a five-person team consulting for a postpartum styling service, setting creative direction from research to strategy.
- Directed market and demographic research to identify gaps and understand clients' values and buying behaviour.
- Developed event concepts and new acquisition channels, translating findings into actionable direction for the founder.

EDUCATION

Simon Fraser University

Expected Graduation: October 2029

- Bachelors of Science in Interactive Arts and Technology, Concentration in Interaction Design

SKILLS

Design Tools

- Adobe CC
- After Affects
- Figma
- Framer

Languages

- HTML
- CSS
